

# CAPABILITY STATEMENT

New Wave Geographics, LLC (NewWaveGeo) was formed in 2007. As a client centric small business, we focus on our client's goals and challenges while providing cost-effective yet quality driven services and solutions. We believe in adding value to the projects we embark on, making use of our diverse skills and depth of experience to best address our client's needs. Our repeat clients have come to depend on NewWaveGeo for an attentive and comprehensive approach to addressing their GIS needs in a responsive, efficient and, professional manner.

Our technical approach to all projects, whether it is providing a comprehensive solution or a simple service, is to automate processes to reduce redundancy, decrease errors, and increase efficiency across an organization.

Our mission is to build lasting relationships. Relationships built on our commitment to your success. Consistent, open and forthright communication is the hallmark of our management philosophy.

## CORPORATE DATA

- Duns No: 068901138
- Cage Code: 6YLK7
- NAICS: 541511, 541512, 541370, 541690

## KEY DIFFERENTIATORS
